

Increase safety with SELECT's Tipit™ ligature-resistant hospital tip

FOR USE IN HOSPITALS, CORRECTIONAL FACILITIES, SCHOOLS AND OTHER INSTITUTIONS

Dark bronze anodized full surface hinge with black Tipit™

Dark bronze anodized concealed hinge with black Tipit™

Clear anodized full surface hinge with gray Tipit™

Clear anodized concealed hinge with gray Tipit™

Make rooms safer and meet legal requirements by retrofitting doors with the new SELECT Tipit™ hospital tip.

The tip deters patients or inmates from harming themselves by hanging objects from the hinge.

- Prevents objects being attached to top of hinge (ligature-resistant)
- Made from durable, high-tech polymer
- Securely attaches to door frame header
- Works for retrofit or new applications
- Includes #10 Torx® SST security screw(s)
- Colors:
 - Black — for dark bronze anodized hinges
 - Gray — for clear anodized hinges

For use in:

- Hospitals
- Correctional facilities
- Schools
- Other institutions

The SELECT Tipit™ hospital tip works with our geared hinges (excluding wide throw and toilet partition) to meet institutional requirements for preventing objects from being hung from the hinge.

Order the SELECT Tipit™ hospital tip with any new SELECT geared hinge (excluding wide throw and toilet partition), or add this safety feature to most other brands of full surface, half surface, concealed or swing clear geared continuous hinges (new or retrofit applications).

Contact us to specify the SELECT Tipit™ ligature-resistant hospital tip with your next order.

Patent pending.

SELECT geared continuous hinges are performance-proven through 25 million cycles in independent testing and backed by the industry's only Continuous Warranty™. It covers any failure of our geared hinges under normal use with no expiration date.

Tested to last 50+ years
