RE: State Shelter in Place Orders

Dear valued customers and partners,

Many states have issued “Stay at Home” policies and closed all non-essential business. SELECT Hinges has evaluated our Governor’s Order as well as the guidance from the Cybersecurity & Infrastructure Security Agency of the U.S. Department of Homeland Security and want to assure you that our plan is to continue to support your business needs throughout this unprecedented situation. Our products are crucial for applications in the *Critical Infrastructure Sectors* identified by the Department of Homeland Security (see <https://cisa.gov/critical-infrastructure>) including Commercial Facilities, Defense Industries, Food, Agriculture, Healthcare and Public Health. Given the many markets we serve, and the importance of our nations supply chain, it is our responsibility to continue to take orders and produce product. We will continue to be open for business during the COVID-19 pandemic for as long as it is safe to do so.

At SELECT Hinges, we are taking this situation seriously. We have implemented reduced basic staffing and have put policies in place to protect our workforce and will continue to adapt to new protocols if necessary.

If your organization is temporarily closing, please let us know ASAP so we can adjust shipping schedules. While there may be some delays as the situation evolves, we are confident we will get through this together. Our contact info is below.

Sincerely,

Steve Pyatte
VP-Sales, Marketing
