DOOR OPEN 180°

Your patients want privacy, but angle-cut bathroom stall doors pose a threat. It's too easy to hang objects from the hinge that could injure you when the door is open or closed. But not anymore.

Our **NEW PATENT-PENDING TIPIT OC** makes existing or new SELECT full mortise and full surface geared continuous hinges ligature resistant.

Increase patient safety with

The SELECT ligature-resistant TIPIT® can immediately add safety to doorways in both new and retrofit applications

FOR USE IN HOSPITALS, CORRECTIONAL FACILITIES, SCHOOLS AND OTHER INSTITUTIONS

SELECT's patented, ligature-resistant TIPIT® keeps patients safer. Whether as a retrofit application for existing hinges or in new construction, the TIPIT will deter patients or inmates from harming themselves by hanging objects from the hinge.
